Please find below and/or attached an Office communication concerning this application or proceeding.

Applicant and the assignee of this application are required under 37 CFR 1.105 to provide the following information that the examiner has determined is reasonably necessary to the examination of this application.

Paragraphs [0056], [0057] and [0085] indicate that sponge powder is a well known folk remedy in Eastern Europe and Eurasia.

The examiner notes that while the specification states that "folk medicine and natural medicine literature is replete with diverse preparations made from dried sponges and used to treat and palliate myriad diseases," that applicant has not supplied such teachings. Therefore, the examiner is requesting that applicant supply the information of which he is aware and upon which he based his specification for consideration by the examiner.

This requirement is subject to the provisions of 37 CFR §§ 1.134, 1.135 and 1.136 and has a shortened statutory period of 2 months. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR §1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael P. Woodward whose telephone number is 571-272-8373. The examiner can normally be reached on Monday through Thursday from 9:30 AM to 6:30PM. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
